

## **Translation of hate letter sent to Seyran Ates via e-mail:**

“You are spreading lies, you devil, you dishonorable piece of crap, with what you say you play into the hands of racists who have always been against Muslims, how can you betray us, you whore, how can you betray your roots like that, you piece of crap.

You piece of disgrace, you are not worth the spit of a dirty street bum.

You insult my mother, my grandmother, you damn bitch.

You insult our whole culture, our past and on top of that you even pat the backs of racists.

You deserve the worst punishment for your rotten ugly being.

Heaven help you so my sister does not catch you on the street, she will kick your insults right back into your ugly asshole face.

You Nazi.”
